Dear Family Members, Friends, and Residents –

Tomorrow marks the summer solstice and if this past week's weather is any indication of what the upcoming summer months will be like, it will be a wonderful summer! It is truly unbelievable to me that we all spent our entire spring in quarantine but I am hopeful that the COVID numbers will continue to drop on Cape Cod and we all may be able to enjoy ourselves in a restaurant or a retail store (even if we are all wearing masks and remaining 6 feet apart). I am so happy that many of you have come to enjoy an outside visit with your loved ones. We have all enjoyed seeing you and we are sure you are smiling behind your masks.

This week's update is as follows:

- Total staff (including contract staff) - **Cumulative**- that tested positive for COVID-19 = **eight (8)**. All eight (8) have returned to work.
- Total residents (**cumulative**) that have tested positive for COVID-19 = **zero**

I am happy to report that based on the information above, we are now **"COVID free"**. We are doing everything in our power to stay COVID free. We continue to adhere to all CDC, CMS, and DPH guidance. So much of this virus is about personal responsibility and we work with our staff to remember their responsibility once they leave our doors.

As always, thank you for your ongoing support and please feel free to contact me or Rachael McCullough, RN/DON if you have any questions or concerns. Also, a reminder that our website at www.pavilionnsg.com is updated daily for all COVID-19 related information so please review it to ensure you stay current.

Stay healthy and safe -

Mary E. Benoit
